EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In the claims: CANCEL claims 31-106.

Election/Restrictions

This application is in condition for allowance except for the presence of claims 31 to 106 non-elected without traverse. Accordingly, claims 31-106 been cancelled.

Allowable Subject Matter

Claims 1-30 are allowed.

The following is an examiner's statement of reasons for allowance: Examiner is persuaded by Applicants' arguments submitted 24 June 2004. Specifically, Examiner is persuaded that the limitation of claim 1, "a total free acid concentration of less than about 1×10^{-3} molar", in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art. Similarly, Examiner is persuaded that the limitation of claim 18 "a mole ratio of fluorine to a second metal of from about two to about 18.5", in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
